San Francisco, California

Conducted intake interviews and long-term dynamic psychotherapy with both children and adults.

PSYCHOLOGY TRAINEE

Mount Zion Crisis Clinic,

1984 - 1985

San Francisco, California

Provided crisis intervention and short-term follow-up psychotherapy at 24 hour community crisis clinic including front line shifts and overnight on call duty.

PSYCHOLOGY INTERN

Psychiatry Department, Kaiser Permanente,

1983 - 1984

San Rafael, California

Conducted brief and ongoing outpatient psychodynamic psychotherapy for adults and children, psychological testing, family and marital therapy.

RESEARCH ASSISTANT

Mt. Zion Psychotherapy Research Group

1982 - 1985

San Francisco, California

Participant in research project assessing an analytic patient's readiness for termination, research project studying effects of therapists' interpretation on patients, and related patient's productions in brief psychotherapy. Assisted in construction of rating scale and rated patient's productions for boldness and insightfulness, and therapists' interpretations for accuracy.

THERAPIST

Psychotherapy Training Clinic, The Wright Institute

1982 - 1983

Berkeley, California

Provided psychodynamic psychotherapy for adults at the Wright Institute psychotherapy clinic.

PROGRAM COORDINATOR

Towne House Creative Living Center,
Bay Area Community Services

1980 - 1982

Oakland, California

Assistant Director of Pre-vocational and Social Rehabilitation Program, serving over 350 chronically emotionally disturbed adults. Hired and supervised staff. Responsible for program development, implementation, and evaluation; monitoring statistics and handling supply monies.

INTENSIVE TREATMENT THERAPIST

Mental Health Center of Boulder County

1974 - 1980

Boulder, Colorado

Coordinated alternative residential treatment program for independent living of chronically disabled clients. Responsible for ongoing administration of units. Acted as liaison between city and federal agencies. Primary therapist for intensive treatment team clients, conducted intake interviews, and developed and implemented treatment plans. Led psychotherapy and activity groups.

UNIVERSITY COUNSELOR

Counseling Services, University of Colorado

1977 - 1979

Boulder, Colorado

Counseled students, faculty, and staff at University Clinic. Provided individual and group services including long and short-term psychotherapy, marital counseling, and group facilitation.

RESEARCH ASSISTANT

Dr. Louise Silvern, University of Colorado

1974 - 1976

Boulder, Colorado

Duties included supervision of assistants, data collection and analysis in a long term study, testing the therapeutic effects of training role-taking skills.
